And credits be a complete to baldi's basics birthday bash with cheats!!! anywayAfter the app has installed It should be on your home screenOpen the app up and to access the mod menu press the mod menu buttonIf it shows a black screen your device might not be compatible or you should reinstall itThis is a android mod menu from baldi's basics. If you want the original version of baldi's is stuck remastered go to Nikplaytv. He made the original port for android. WARNING: There might be some glitches in the game. Don't blame me please, it is the mod menu's fault.1: Download the apk. 2: Install it. 3: Enjoy:)Zena Ovsannikov1 year agoOh hi welcome to the fashion channel!
