View from the 1000 yard firing-point We are are probably the largest member-owned range complex in Great Britain if not Europe. Records indicate that target shooting took place in our valley as early as 1860 - as a result of the Volunteer Rifle Corps Act of 1859. The Ranges as we see them today, were formalised some time later and records show
that the Range House was constructed by the military in 1897 Today, the Ranges are wholly owned and managed by the Pennine Shooting Sports Association. Facilities The range complex is extensive covering 660 acres, with four separate ranges, all with covered and open firing-points offering fullbore rifle shooting out to 1000 yards. The outdoor
shooting facilities are backed up with a substantial stone-built Range House complete with toilet, kitchen facilities, members lounge, general clubroom and a well-equipped shop. Shooting We have a large, active membership and cater for most shooting disciplines menu). Formal competitions are held every weekend (check
Calendars menu) throughout the year and we also host several national events, including Practical Rifle, GB F Class, BPCR and Benchrest plus our famous Egg Shoot and Fly Shoot. Visitors must sign the PSSA Visitor book with details verified
and countersigned by a PSSA member. The visitor fee is £20 per day or part of a day. A 'visitor' ID badge must be worn. Visitors are restricted to four visits per calendar year. Mid-week, visitors may only attend as a guest of a PSSA member. See Contacts menu. With mid-week competitions, visitors may attend at the invitation of the competition
organiser. See Calendars menu. At weekends, visitors may attend and take part in a PSSA competition, subject to a pre-arranged entry with the shoot organiser. See Calendars menu Visitors not intending to shoot in a competition – i.e. sighting-in, plinking
etc are welcome but only on the 100 yard ranges. Any visitor NOT holding an FAC must be a member of another Home Office approved club and supply evidence of this (if he/she intends to shoot a borrowed firearm). Overseas visitors with the appropriate Visitor Permit and reference from their own club Secretary/Membership Secretary may visit to
shoot midweek or weekends if sponsored by a PSSA Committee member. See Contacts menu. How to find us The Range is situated approximately 10 miles north-east of Manchester. The postcode is OL3 5LB From £42.99 pp Min. Age 14commute 12

the staff are amazing! Not only are they approachable and helpful, but they are all very well trained and keen to help you improve your skills whether you are an amateur or an experienced shooter and knowledgeable. Really easy to book, staff very welcoming and knowledgeable
Instructor was fantastic and gave clear instructions. Will definitely be back!!! Chris Pearson29/06/2024 We took our 11 year old daughter as a treat for the 1 hour session. It was great fun, the staff were professional with clear instructions so we always felt our daughter was safe. Most importantly all the staff were in very friendly and approachable
We enjoyed our time so much we walked away with life membership, couldn't recommend this place enough. Adam Plunkett18/06/2024 I recently visited Phoenix Range Indoor Shooting Centre and I had an outstanding experience. The instructor, Joe, was incredibly professional, providing competent and well-structured explanations that were concise
and to the point. The firearms were of high quality, and the staff friendly. Everything about my visit was enjoyable. I highly recommend the Phoenix Range Indoor Shooting or have never shot before, this place is set up for
everyone! Blast your blues away and leave with a grin from ear to ear!! It's an incredible feeling to shoot a full bore rifle and semi auto rimfire rifles at turning targets. What a rush Steven John20/10/2023 I am not in the habit of writing online reviews, good or bad. Not that I haven't had reason to - in my more than three decades on this earth, I have
dealt with people and companies at every level of competence and ethical behavior, from genuine heroes to junkyard dogs. Lately, for whatever reason, I seem to be running into more of the latter... a lot more... which makes those occasions when I have a positive experience all the more impressive. Such is the case with Mrs Jennifer Smith, i had an
amazing experience after investing $1000 she help me trade and earn me $10,300 within a week and her team, I strongly recommend Mrs Jennifer Smith for an effective trading experience contact her and thank me afterward. Will definitely be considering a membership and going back! Richard was our instructor and he was brilliant! We had a great afternoon! Lucy Amelia28/08/2021
I've always wanted to go to a shooting range and was taken here for a try shoot, my god what an awesome experience, all the staff are friendly, knowledgeable and very welcoming. safety is first and foremost from the moment you walk through the door and facilities are out of this world. myself and my wife loved the experience that much that we
became members and hope to be members for a long long time. Forget the driving experiences, come to these guys instead, trust me you wont regret it, and once you've finished shooting you can relax in their very comfortable waiting area having a coffee or ice cold coke. Thank you Phoenix range and thank you to all your staff Richard

An outstanding wallet lightening experience In Devon on a few days break and persuaded the much better half that we could pay a visit to Crackshot I've seen the reviews and figured seeing as we're in the area ......ish, it'd be rude not to. And it'd be good to see if they're half
as good as people say.....:Well basically they're not. They are SO much better, I've never been in a gun shop with so much stock and where every single member of staff is not only friendly but helpful in the extreme Chaz was the staff member who drew the short straw with us, and by the lord Harry did that fella earn his money, after well over an
hour of advice and poking and prodding of nearly every blooming gun in there, off we trot upstairs to the superb indoor range, so that not only could I handle the guns of choice but get the chance to actually put quite a few rounds through them to see how they behave This is in itself one of the biggest things as a potential buyer, you can read, watch
reviews etc, but until you get the chance to pull the trigger and see how it fits and behaves it could be totally the wrong gunThat's not going to happen hereChaz was superb, he was fitting scopes swapping mounts all just to ensure I got the best opportunity to see which guns were for me, nothing was a problem in fact short of buying dinner there
really wasn't much more he could of done! A word of warning though, I went in with a very clear idea of what I wanted and wasn't to be dissuaded, but lo and behold how wrong was I. These guys will help you make an informed decision without pushing or looking at their watches every five minutesMy apologies for the long winded review, but I can
genuinely not extoll the virtues of this place more!
