Maybe when they talk about this strange name, many people wondering what Pokémon Go is? Pokémon Go is an interactive virtual app for Android and iOS smartphones. Niantic is the creator of this game and should release it in 2016. July. Pokémon Go is the most awaited 2016. game. Immediately after the release, Pokemon Go caused a global shock. Popularity is determined not only by a single game, but also from its difference compared to other games. In short, this game allows players to capture, train and manipulate virtual pokemon based on the real world. While you can download this game for free, Pokémon GO sells articles with a price that goes from \$ 0.99 to \$ 99.99. Alternatively, you can use the Pokémon Go Plus bracelet. It is a device that will support this game without blocking the screen. This decorated ring will warn the player if there is a nearby Pokémon. This program was designed by the Niantic multimillionary games club. Professionalism offers this game a unique experience. The narrative book gives you a clearer view of this Pokemon Go game is a program that uses virtual interaction technology. Therefore, when you play this game, you need an intelligent mobile device. The phone must have a network connection (3G, 4G) and GPS must be activated to control the position. This function is the first application of virtual interaction technology to games. Instead of sitting in the same place, you will have to go to parks, schools, hospitals to get Pokémon. This game will surely give you an unprecedented experience. The plot of this game is based on the content of the Pokémon Go movie. The game is very simple. Each player will have to move to the original place using the trajectory of the Poke ball to find and recruit Pokémon along the way. Players can easily use types of Pokémon in this game because they are so different. All species will live in unknown places. But their place is also easy to guess. For example, a type of water pokémon will be close to the river or the sea. The players near the river and on the sea will meet them on your map with specific places called Stages. Also try to look for Google to find out which are the strongest Pokémon. As in real life, your card becomes bigger when you go elsewhere. The new phases have increased the Pokémons you can capture. You can pick up your Pokémon in the gym and get medals. Play Pokemon Go simply. It maintains them, connects them to friends and enables them to be physically active. What could be more interesting to "go to new countries" to explore, find and conquer divine Pokémon? Features here are some of the standing features of this game: creates an unprecedented new experience This game is activated with the camera of the player's smartphone and the GPS signal. The game shows you wild Pokémon that fill the streets of the real world. Just go around and collect a lot of Pokemon. Pokesbattle appears when you activate them and press them. Use your mobility to catch Pokémon quickly as soon as you appear. In the course of the game, the players continue to rise and quickly become Pokémon masters. Become a real Pokémon trainer Are you a long-time Pokémon fan? Have you always wanted to feel the coach feeling? So it is an application that can fulfill your wishes. To collect new Pokémon, you have to fight wild Pokémon to catch them. The player has to shoot poké balls on the screen on the Pokémon. Make sure you quickly agree when the colored rings are nearby and concentrate on it. Pokémon, which is easy to catch, are displayed with a green and yellow ring with medium difficulty. One thing you should consider when playing is that the more precise the ring is the tone. Pokémon can appear anywhere. But think of something that you don't have to risk in the real world to catch or fight Pokémon. You can appear in more well-known places where you would not expect you, such as: B. at your home or in the family park. But one thing is certain that the real joy just comes out and explores Pokemon as the main character. You will find different types of Pokémon, which are hidden in the thicket of local parks, gardens or famous historical sites. Many players think that the search for suitable players will be the most important thing to find rare types of Pokémon. The Pokemart proxy for games is needed as soon as possible to access Pokestops. This gives you important items such as Pokeball. Refrigid ideas come from renowned developer experts, the success of Pokemon Go is based on technological ideas and breakthroughs. It is great that Niantic was able to bring "Monster" Pokémon to real life. They appear in familiar scenes from the player's everyday life. The story of Pokemon is connected to the childhood of many 8x, 9x. These are the most important smartphone users in the world today. An interesting gameWell-known graphic images come together in Pokemon Go. In addition, the ability to interact between players added an irresistible charm to this endgame. Mission wanted to join the game? There are 2 ways to join my go. If you don't want to spend a lot of time, connect to your Google account in the simplest way. Alternatively, you can sign up for the Pokemon Trainer Club. This account will send you a monthly newsletter and regularly sends you codes that help unlock special characters. You can name your character after catching the first poké with numbers and letters, but unfortunately you cannot change your character's name in the app, but you have to send an email via the developer's support page. You can also customize the taste according to your skin tone, hair color, clothes and accessories. However, the possibilities for adaptation are still small. Will it rain? Yes. The game supports many articles and tools to help you find, catch, train and upgrade your POK. We can find them in the store or in some POK balls. Some support items can be indicated as follows: "Incense: article" Hearing impairment, help shoot POK at your place within 30 minutes. An article that helps you hatch a poké egg you collect while playing, but forces you to walk a certain distance to hatch it. 30 minutes, other players near this POK stop can also enjoy your bait module. So even if it's called a free game, if you want to be a professional hunter, pay. What is a Pokepop? Pokue Stop is marked on the map with a blue dot. Click and see photos of buildings, monuments or parks. Scroll through these photos and see some items you can buy as poke balls or my eggs, use an egg incubator and make a new poké for yourself. © Mon? Impossible. The beta version of Pā'kemon GO only allows you to fight in middle schools. You can buy many items to power up your Poké. You want to improve your Pokémon, youUse special items. Experience points gained by Wild Pokr © Mon, which are also a way to advance. Final thoughts at the end: Pokemon GO is not only an ordinary mobile game, not just another Pokemon game. Pokemon Go is a completely different animal than other contemporary games. It's like a king in his own world. Is it surprising to you when you are jokingly meeting in an unknown local park or in front of the monument that you have never known before? There is not always the joy of discovering a strange unknown around you. A small secret of reality that exists only in your hands, next to Tesco pepper? Not on site, Pokemon GO not only provides an unparalleled way of playing today, but also helps to discover other things. Each place you visit first is hidden behind new secrets. In addition, this unique application will also help you communicate and meet people. What could be better than getting to know unknown friends? This game provided users with a widely available view of the future of virtual reality models. Technology becomes more advanced than ever. Are you a fan of Pokemon?
