Didn't think twice:) shipping was very quick & thanks to Erika for great customer service. This watch was everything I expected it to be the quality is pristine & in my humble opinion it is one of the finest watches I have ever owned. As a middle class workingman it was well worth saving up for and as a massive Batman fan it defiantly gives me the Mr Wayne vibes when I wear it. Perfect re issue of 60ies watch with all of the set-and-forget accuracy advantages of a Casio G-Shock. The bracelet is decent, but is not as good as the watch head -- the clasp is chunky, and it's hard to get a good fit -- so I replaced it with a strap, which looks terrific on this watch. The watch is gorgeous, looks more beautiful in real life and very elegant. Under the case is what you need! I appreciated it, I enjoy it. Thank you! Overall I am extremely happy with the service of shoppinginjapan.net. I received the watch less than 7 days after purchase. The watch was very well packaged and looked flawless. I'd definitely recommend this seller. This 38mm watch wears well and the somewhow sunburst orange dial is eye-catching in a pleasant way. The watch It has this nostalgic look and feel to it. The customer service form Shopping in Japan was excelent as usual, thank you Erika! This watch is absolutely gorgeous in person. In my opinion this is potentially the best looking chronograph that Seiko makes. It is truly stunning when the light catches on the blue hands against the white dial. My only minor complaint is that the clasp does not have micro-adjustments, so I have to wear it a bit tighter than I would prefer. I just received my recent purchased online SEIKO Baby/Mini Tuna blue dial watch shipped from Japan to USA (via DHL) and I love it. Plus it is MADE IN JAPAN! I want to thank Sara and Erika for their excellent attention, they always helped me throughout the process of buying my Seiko MarineMaster watch, it is not the first time that I buy in shoppinginjapan and it has always been very satisfactory, the impeccable shipment to my country Chile, I really recommend this page. This watch is stunning and beautiful, been checking the accuracy and it has been a lot better than what I expected. (+2sec/day) that's Rolex standards with fraction of the cost. Great for everyday use smart and elegant. And the cherry on top is the great customer service and fast delivery. This watch is absolutely gorgeous in person. In my opinion this is potentially the best looking chronograph that Seiko makes. It is truly stunning when the light catches on the blue hands against the white dial. My only minor complaint is that the clasp does not have micro-adjustments, so I have to wear it a bit tighter than I would prefer. Absolutely stunner. So much better than fancy light blue version with 4 mantas that looks like from xero - the same matnas the same side - all identical beside size. In this version you have 3 matas looks more natural and real. Color is much more distinct an it can be worn even with suit. Light blue version not! This is the quintessential gshock. Made in Japan, easy readability, and the new module features. I own a number of automatic watches, but if I functionally need to wear the most accurate watch with the most useful features... this watch with outstanding customer service to match. What a nice watch! I am rocking this thing since the day it arrived. Very happy with it as well watch was well packaged and quickly shipped with a few surprise goodies in the box. Beautiful watch and cannot wait to continue adding to the collection! Very satisfied for a beautiful time piece affordable aswell with a resemblance to marine master 300.love this watch.one of the best dealing with shopping in Japan was awesome very reliable/efficient and excellent customer services especially Mina export coordinator and Sales rep Erika and Shopping In Japan was very communicative during the sales process and delivery was in advance of expectation! Beautiful time piece very sporty .well made for the sporty person.affirdable aswell.working with 4 - 5 days in San Francisco Prompt shipping too. No doubt I will be a returning customer. Another excellent purchase from the seller. Great support from the seller. Volcanic mtg is stylish and amazing watch. The only little drawback is the size of the watch, as it is a little smaller than GPS version of mtg. I have been looking at this watch for a long time, it has not disappointed me especially for the price... I changed the strap to a black leather with cream stitching and it sets it off perfectly..... Very happy with this purchase! The customer service was outstanding and the shipping was super fast! I will definatelu be purchasing more watches from shopping in Japan in the future! Beautiful and stunning unique /sporty looks affordable price.shppping in Japan.net, Customer services was great very professional to deal with them. Mina Export coordinator and Sara sales rep. Their services was reliable/efficient and superb. thank you once again to both of you. Salute to this online shopping site of watches! Fast delivery and they're always updating you regarding your order. I ordered the item last Nov. 1 and received it on 12th, Japan to Riyadh! My husband was in awe and so happy when he saw the G-shock one piece watch! He really loves it and can't believe it coz it's not available here in Saudi Arabia. The shipping was fast. I've received the watch in a perfect condition as described. It is a very nice looking watch, masculine, tough and has a great wrist presence. Very good communication and quick response to my email from the customer service. It was a first time buying here but it definitely won't be last. I bought the SARY057 as an early Christmas gift due to this shop's pricing and availability. Nearly every other site was out or priced \$100-\$150 higher than SIJ. It came after about 1.5 weeks from Japan in perfect condition with the movement being accurate to within 3-4 seconds. Beautiful sporty watch and stunning /affordable price and elegant.shopping in Japan was incredible sources of good selection and collection watches. especially when you dealing with customer service was responsive/efficient/reliable /fast shipment well secured.excellent online shopping good products as well.thank you once again Mina and Sara awesome great jobs I received my beautiful JDM Seiko Blue Coral Monster within a week of purchase. fast, it's only been a week, surely I would order again and recommend your website... You guys are legit! Thank you very much... This is a gorgeous watch that pictures don't really do justice to. The dial looks amazing, especially when exposed to direct sunlight. I would like to thanks Sara for very good delivery (very well packed) and customer service Shipping was unbelievably fast with real time tracking This is the second SARB033 I have purchased from Sara and the ShoppinginJapan team. This watch has a nearly cult like following and it's easy to see why once you hold it in your hands. I just received the sbdx017 today and the watch is even more stunning in person. This is my first purchase from shoppinginjapan. Sara was very patient with all the questions I had, and was very friendly and helpful throughout the process. She was also very fast at responding and the watch was on my radar since its release. This watch is simply amazing, be it finishing, design, bezel, glass, dial, alignment, movement accuracy, band, box - everything. Some may ask if the price is justified compared to a SKX007, a regular Monster or a Sumo. Initial impression of the watch is that it's very very light. At first its lack of heft was not very good because I'm used to steel watches. But after a few days, it was apparent the use of titanium makes the watch very comfortable. Because it's so light, it moves around my wrist. Very nice watch, easy to use and to understand the functions. What I appreciate the most, is the fact that the "black" patina of the watch (Black Titanium material with diamond-like carbon (DLC) coating its very well treated and it's very well scratch resistant !!! I also have an TISSOT T-TOUCH EXPERT SOLAR black - which is very sensitive to scratches :) The watch is really one of the best in the world of "humans"; I mean for price. But for the quality, the funcions, Radio, Eco-drive and also for "Duratec" treatment of titanium (just models from JDM -Japanese Domestic Market) I can tell that this watch for me and i never regret it. I love it and my girlfriend bought this coulour is my favorite and especially the red second hand made my eyes falling in love with it. I am happy with this watch. It is relatively inexpensive for a spring drive movement, it has a diving bracelet (the lack thereof my main beef with my spring drive tuna,) and it looks good. The dial seems unnecessarily cluttered in the lower quadrant but that's a very minor point for an otherwise handsome timepiece. I am a Seiko dive watch fan and own ten of them. I am particularly fond of the automatic Seiko calibers. I have always wanted a Seiko Tuna so when Seiko announced this anniversary edition it was more than I could stand. Although somewhat cost prohibitive, I pulled the trigger on this purchase. Beautiful finishing that's better in the metal, with that mesmerizing smooth seconds sweep. IMHO this Tuna represents much better bang-for-buck than a Sea-Dweller, Pelagos, or even the Grand Seiko diver models, if you enjoy the unique case shape. The role was popularised on British TV in the 1960s and 1970s by Leonard Sachs, the chairman on the variety show The Good Old Days. [25] "Chairman" as a quasi-title gained particular resonance when socialist states from 1917 onwards shunned more traditional leadership labels and stressed the collective control of Soviets (councils or committees) by beginning to refer to executive figureheads as "Chairman of the X Committee". Lenin, for example, officially functioned as the head of Soviet Russian government not as prime minister or as president, but as "Chairman of the Council of People's Commissars".[26][27] At the same time, the head of the state was first called "Chairman of the Central Executive Communist China, Mao Zedong was commonly called "Chairman of the Presidium of the Presidium of the Presidium of the Chinese Communist Party and Chairman of the Central Executive Communist China, Mao Zedong was commonly called "Chairman of the Presidium of the Presidium of the Presidium of the Presidium of the Chinese Communist Party and Chairman of the Central Executive Communist Party and Chairman of the Presidium Military Commission. The power given depends upon the type of organization, its structure, and the rules it has created for itself. If the chair exceeds their authority, engages in misconduct, or fails to perform their duties, they may face disciplinary procedures. Such procedures may include censure, suspension, or removal from office. The rules of the organization would provide details on who can perform these disciplinary procedures. The chief executive officer (CEO) may also hold the title of chair, in which case the board frequently names an independent member of the board as a lead independent director.[33] This position is equivalent to the position of prsident-directeur gnral in France.[citation needed]Executive chair is an office separate from that of CEO, where the titleholder wields influence over company operations, such as Larry Ellison of Oracle, Douglas chair essentially held the duties of a chief executive at an equivalent institution, while HSBC's chief executive served as the deputy. [...] Lenin, Stalin, Trotsky, Molotov and Abel Yenukidze [...] began discussing the structure of the new government. Lenin did not want to have 'ministers' as such, so Trotsky suggested that they should be called "peoples' commissars". The government itself would be the "Council of People's Commissars" and its chairman would be prime minister, in effect. Stalin: A Hidden Life. Routledge. p.116. ISBN 978-1-135-75840-0. On 26 October 1917, Lenin announced the creation of the Council of People's Commissars, having rejected the traditional title of minister as being too "bourgeois", and named himself the "Chairman of the Council".
