The award-winning Sundance Cameo™ is one of The Sundance Spa Store's top-selling models and has been for the past 20 years. A 3-time recipient of the Consumers Digest "Best Buy" Award in the Premium Hot Tub Class, The Sundance Cameo has space for up to 5 - 6 adults. This spacious hot tub is our best-selling longer model and is designed with a variety of seat depths formed to fit diverse body types. The 880 Series Cameo is equipped with the best of everything, from a sentry smart titanium coil heater that stretches 6 feet in length, new touch screen control panel to air-only aromatherapy-releasing SilentAir® injector jets. Beautiful and stylish LED-colored lighting enhances the mood and surrounds you as you soak in relaxation. The patented ClearRay UV-C Water Purification System works together with the MicroClean Ultra II Filtration System to ensure clean, clear water with a minimum amount of effort. Add the optional SmartTub cellular control system to monitor & control your hot tub from anywhere in the world! Cool-down seats are a popular feature on the Cameo, as they offer you the chance to take a break from the heat. These seats also provide a great place for the kids to sit and enjoy the spa safely and in comfort without being fully immersed. The cool-down seat and illuminated backlit stainless steel handrail makes it super safe and easy to enter and exit the Sundance Cameo for young and old alike. To provide you with the best possible hydrotherapy experience, the Cameo is loaded with a wide variety of patented jets, including the awesome Percussive Therapy Jet & Fluidix Intelli-Jets which have adjustable jet faces so with the flick of a finger you can switch from a horizontal stream for a lighter, smoother massage to a vertical stream for large muscle, deep tissue massage therapy. All Sundance Spas are engineered to be extremely energy efficient in any climate around the world and the Cameo is no different. Design elements such as Rigid Bond™ shell construction, full foam insulation, sentry smart titanium coil heater, energy efficient pumps, and SunSide® synthetic cabinets work together to provide the maximum hot tub performance for as little energy as possible - under a dollar a day!
