In this example, a large mirrored cabinet made from the same wood as the vanity below provides plenty of closed storage for essentials and open shelving for display purposes. If you're looking to add some sustainability to your bathroom design, think about using reclaimed materials. This can be seen in a rustic reclaimed wood cabinetry that not only provides storage but also gives off a timeless and serene feel. The dark tones of the wood contrast with bright white tiling and a rough-hewn stone sink, while a mirror framed in the same wood adds cohesion to the space. For an airy and luminous bathroom design, consider painting your bathroom cabinetry in pale blue-gray to match the blue-and-white floor and wall tiling. Soft brushed antique brass fixtures add warmth without overpowering the space. Cabinetry plays a vital role in defining the aesthetic and functionality of a bathroom. A well-designed cabinet can elevate the space from ordinary to extraordinary. In this article, we'll explore five unique bathroom cabinetry ideas that showcase how thoughtful design details can make your bathroom stand out. **1. Shaker-Style Cabinetry with Double Cabinets Using Shaker-style cabinetry** in both kitchens and bathrooms can be a cost-effective way to create a cohesive look throughout the home. The same cabinet style can be used interchangeably, allowing for flexibility and a unified design aesthetic. **2. Bold Color Schemes** A splash of unexpected color can add a high-energy twist to your bathroom. A bold, assertive royal purple, as seen in this glam bathroom, creates a striking contrast with decorative double mirrors and cool-toned silver hardware. **3. Dark Wood Finishes** Dark wood finishes can create a cozy atmosphere in the bathroom. This Silver Lake, CA renovation features cabinetry that resembles vintage furniture, working well with classic black-and-white tiling. **4. Warming Up Black-and-White Schemes** Shaker-style cabinets in warm honey-toned golden wood can warm up dominant black-and-white color schemes. This bathroom design incorporates natural wood tones that play nicely against intricate geometric patterned floor tiles. **5. Streamlined Vanity Design** A double sink vanity with cabinets on either end, followed by an open middle section, creates a streamlined look. A trio of arched, black-framed mirrors adds balance and cohesion to the space. Storage capacity meets sleek design as cool white walls and silver-toned fixtures strike a balance in this modern bathroom. Erin Williamson Design's interior designer chose white oak cabinetry for its spa-like feel, while OreStudios' Tudor house renovation features matching sink vanities with classic white cabinetry and marble countertops. Kate Lester Interiors adds graphic interest with black accents, and Charbonneau Interiors installs wall-to-wall built-ins for tailored storage. In another bathroom, Kate Lester Interiors' robin's egg blue cabinets feature subtle detailing, while The Home Consultant's rustic wood grain adds warmth to a black-and-white space. Laura Brophy Interiors creates a streamlined look through notch detailing, and White Sands Design Build features a double sink vanity with warm wood cabinetry and storage niches. Position bathroom essentials like tissues, small bottles, and cleaning supplies in an easily accessible spot. You have complete freedom to arrange them however you prefer, depending on your desired aesthetic. To achieve a sleek, modern look with a monochromatic theme, it's suggested that you stick with a single paint color or a closely related shade for the cabinets. Alternatively, feel free to add a vibrant splash of color to the space by using a different hue altogether. When it comes to cabinet finish, consider semi-gloss as it will not only withstand high moisture levels but also remain durable for many years.
