## Trace lines worksheet

Grab these tracing lines worksheets to give young children practice with fine motor skills! This pages of line tracing for preschool, toddler, pre-k, and kindergarten is a fun school activity that will get kids ready to write letters. This pack is filled with many different straight and curved lines, plus different shapes for children to trace. Simply print the tracing lines worksheets for 3 year olds and you are ready to play and learn! These free preschool worksheets come in black and white. You could laminate the line tracing worksheets for durability and then your child could use a dry erase marker to trace the lines to work on their handwriting skills! Or, they could trace the lines before they cut them out, working on both their handwriting and scissor writing skills. Whether you are a parent, teacher, homeschooler, or daycare provider - you will love this no-prep fine motor skills activity for toddlers, preschoolers, and kindergartners! This could also be used as practice using scissors for a cutting activity!
