Jump to ratings and reviewsThe sixth book in the thrilling, action-packed, New York Times bestselling I Am Number Four series! For years the Garde have fought the Mogadorians in secret. Now all of that has changed. The invasion has begun. If the Garde have fought the Mogadorians in secret. Now all of that has changed. The invasion has begun. If the Garde have fought the Mogadorians in secret. Now all of that has changed. The invasion has begun. If the Garde have fought the Mogadorians in secret. Now all of that has changed. The invasion has begun. If the Garde have fought the Mogadorians in secret. Now all of that has changed. The invasion has begun in the Garde have fought the Mogadorians in secret. Now all of that has changed in the Mogadorians in secret. Now all of that has changed in the Mogadorians in secret. Now all of the Mogadorians in secret.
is still hope. When the Elders sent the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan—one which the Garde to Earth, they had a plan between the Earth the Earth they had a plan between the 
this power can save the world . . . or destroy it. It will all depend on who wields it. 1588 people are currently reading 26862 people want to readPittacus Lore is Lorien's ruling Elder. He has been on Earth preparing for the war that will decide Earth's fate. His whereabouts are unknown. Displaying 1 - 30 of 2,644 reviews January 24, 2018 You can visualize the
dedicated detachment from the characters and have learned to professionally look at them as dispensable pieces like pawns in a game of Chess. I do not care that Four has this almost perfect personality worthy of a leader. I am not affected by Nine's charm and sense of humor. It doesn't matter that Ella is young but wise beyond her years or that Six is a
sassy kick-ass or that Seven is always gentle and moral and forgiving. I don't see how Sarah, Sam and even Mark who aren't even members of the Garde have sacrificed so much for their friends. I don't see how Sarah, Sam and even Mark who aren't even members of the Garde have sacrificed so much for their friends. I don't see how Sarah, Sam and even Mark who aren't even members of the Garde have sacrificed so much for their friends. eternity! Waaaaaaah! I'm just bluffing though. I just don't have any idea how to review these books. Lol! • Looking for a real review? Here's Donita's. ^^lol physically-owned-books sci-fi February 5, 2017Buddy-reading with @Liz.It was definitely the MOST EPIC book of the series combining CRAZY ACTION scenes that explode out of nowhere and TWISTS
and TURNS, which puts the characters in danger over and it's so intense you have to continue reading just to know if they will survive. Too bad Nine appears only at the end of the series. First, Eight, then this character? Who
is the next one ?------ UPDATE: 06/27 TWO MONTHS LEFT. ------A Year.A fucking year to wait. After fifth Book's END, I think everyone agree that we need the last book. badass-heroes badboys favourite-books July 30, 2016 "You have to know, from the moment I saw you outside Paradise High, I knew. I knew we were going to fall in love. And I've never
regretted even a second of it. Not even now. I love you with all my heart. I always will. It was... it was all worth it." This book fucked my mind completely. I have nothing to say, I'm just - please let me die alone. It's too much, still too much, still too much even thought and write this review, I can't stop my hands from shaking. What
happens in the last chapter was insane. Although I'd known all along that Lore must do that thing to me again this time, yet I never expected this incident to happen. My mind was wrecked. My body was destroyed. My heart was shattered. "Five swoops down, flames extinguished. Instead of going in for another strike, Five catches Nine by the wrist in
midair. He lowers him gently to the ground. In response, Nine punches him right in the face. Because of course he does." This book is so good, albeit slow during the first half. The actions rose my temper and hung it right there until I finished. The half. The actions rose my temper and hung it right there until I finished. The actions rose my temper and hung it right there until I finished. The half. The actions rose my temper and hung it right there until I finished. The half. The actions rose my temper and hung it right there until I finished. The half. The actions rose my temper and hung it right in the face. Because of course he does."
that because the other things added by Lore in the end compensated those mistakes and made me look over it eventually. Despite the face that The Fate of Ten has already fucked my mind, it also led me up to the highest point of my hope for the next and final book. There're two storylines being told by John and Six and they didn't confuse me as much as the
previous books, or maybe I was accostumed by the narrative by now. I love Adam, he's good to look at and I don't have other reasons for this kind of obsession. "This is war, and people are going to die. I've come to accept the pain, to take the ugliness for granted. So it can be a little stunning when something good actually happens."
 More at young-adultSeptember 9, 2015 Having just found this book's entry on GR - already? Holy Lord, I'm amazed! - this is how I feel:I'm still hunting for the time machine on this one. Final book? That's what I thought, especially since Revenge of Seven finally began the long-dreaded Mog Invasion Apocalypse. Oh wait, you didn't read The Revenge of Seven finally began the long-dreaded Mog Invasion Apocalypse. Oh wait, you didn't read The Revenge of Seven finally began the long-dreaded Mog Invasion Apocalypse. Oh wait, you didn't read The Revenge of Seven finally began the long-dreaded Mog Invasion Apocalypse.
Seven? If not, then get a copy immediately and join me in eagerly awaiting this next example of supreme excrementum sanctum-raisage. Buckle up, mis amigos y amigas. Yes, I'm gonna rate this one five stars a full year in advance. And why not? There's no way it's gonna end on anything but a high note of amazeballsness. Update #1: Holy shit nugget, the
title's finally here! The Fate of Ten...please, please let this mean we get to find out what happens to Ella! :OUpdate #2: Cover at last! :D Love it, too. Not exactly the cloud theme I've been hoping for, but the chalk on stone is really cool too. Now again, I'm wondering how this is not gonna be the last book at all - 'cause let's face it, one should be
enough to wrap everything up at this point. Update #3: I've placed my library order - and by a sheer miracle, I'm first in line! :DUpdate #4: I've got my copy! YES! Unfortunately, I have many other books waiting to be read, but this one, I'll read soon enough. :DAnd now, my review: Again, I had to wonder going into this - why is this the second-to-last book?
The apocalypse has already begun, and there's no way it can take them until Book 7 to finally take down Setrakus Ra...right? Apparently, it can. However, he's finally dying, and they won't need to kill Ella first to get to him either. And we finally get a
look at his past, not to mention that of Pittacus Lore - turns out Setrakus was even more of a Lucifer-type than we thought, believing his discoveries of how to artificially induce Lorien Legacies could finally overturn the system. Erm...nope. Sorry, dude. Speaking of Pittacus, we get another surprise revelation about him. He doesn't really have *all* the
Legacies. He just has one that lets him copy those of others, called Ximic. I think I remember a fan theory once that suggested that it was the secret to getting all the Legacies, using John's healing Legacy (which he learned after meeting Marina) as evidence of not only that, but also of John's theory that he himself is the next Pittacus. Genre Savvy fan, I
salute thee!Oh, but the ending...I can't believe they actually went there! Sarah...why'd you have to die?: (Now John knows how Marina feels. Poor kids. War is Hell, but hey, at least Sarah should be in Heaven now, I hope. Now if you'll excuse me, I need to find something with which to drown my feels. action-adventures apocalyptic-or-post-apocalyptic fantasy
February 15, 2021The Fate of Ten (Lorien Legacies #6), Pittacus LoreThe book is primarily narrated in first person, from the perspectives of Four (John), Six and towards the end of the book, Ten (Ella). A prologue in third person narrates briefly the story of an unnamed human-turned-Garde (later known as Daniela) as she survives a Mogadorian attack on
New York.Prologue: An unnamed 15-year-old girl, and her 57-year-old stepfather, are watching the news of the Mogadorian invasion on TV (the girl is hinted to have a crush on Four) when they hear the Mogadorian soldiers breaking into the apartments on the lower floors of their building. Despite his poor relationship with his stepdaughter, the man
sacrifices himself to save her and she flees via the fire escape. Cornered by Mogadorians, she discovers her telekinetic abilities and manages to kill her three attackers. Four (John) narrates chapter 1, which picks up after the end of the previous book, Revenge of Seven. Together with Sam Goode and other survivors, they flee from the Mogadorians, but Four
is exhausted from excessive use of his healing legacy. A cop leads the group to safety, but Sam and Four stay behind to continue looking for Nine, who was last seen fighting Five in front of the UN. John realizes that the videos posted online by Sarah and Mark about the Mogadorian invasion have made him into a celebrity, the face of the resistance against
the Mogadorians. Sam and Four seek refuge in a deserted apartment where Sam experiments with his telekinesis. They watch the news on TV and are see Nine and Five both battling the Mogadorian soldiers, but they are also fighting each other. Four and Sam leave for Union Square to find them. موجودات رقیب، به سیّاره ی آنها یورش، و آنرا اشعّال میکنند؛ این هٔ نه موجود فضایی»، که در روی زمین پنهان شده اند، خود را به شکل «نه دانشآموز دبیرسّتانی» که در روی و موره نموره و المودو فضایی»، که در روی و موره نموره و المودو فضایی»، که در روی و موره نمود دبیرسّتانی» که در روی و موره نمود دبیرسّتانی» که در روی و موره نمود دبیرسّتانی» که در روی و موره نمود که و موره نمود دبیرسّتانی» که در روی و موره نمود دبیرسّتانی» که در روی و موره نمود دبیرسّتانی میکنند؛ این هٔ نها روی المود که موجود فضایی»، که در روی و موره نمود دبیرسّتانی موجود فضایی»، که در روی و موره نمود دبیرسّتانی میکنند؛ این هٔ نها روی المود که موجود فضایی که در روی و موره نمود دبیرسّتانی موجود فضایی که در روی و موره نمود دبیرسّتانی موجود فضایی که در روی و موره نمود که موجود فضایی که در روی و موره نمود که موجود فضایی که در روی و موره نمود که موجود فضایی که در روی و موره نمود که در روی و موره که موجود که موجود که در روی و موره که موره که موجود که در روی و موره که در روی و موره که در روی و موره که موره که در روی و موره که موره که در روی و موره که که در روی و موره که که در روی و موره که در روی و موره که در روی و موره که که در روی و موره در روی د
we definitely learn a lot about the past in this one. Also the ending killed me and I need to see a future where someone has the guts to do what needs to be done."-Ellla
OHEMGEE!WHAT THE F JUST HAPPENED?SHE'S DEAD?!FOR REAL?*gasp*WOOH! YAY! *MC's Corner* Note: Spoilers. I mean... I'm not a big fan of her, even if she dead it's not that big deal for me. *shrug*Well... just don't make 'him' go berserk. I do feel like, in some way that she is kinda hindrance to what the Garde's mission. Its better this way. And
then it turns out she just passed out. #notreallydead • Setrákus Ra... I'M NOT SO SURE IS HE TOO IS DEAD.DUH! There's another book coming... it can't not have a villain. • Speaking of the next book. How many months are going to wait exactly? UGH!Damn Pittacus Lore's cliff-effing -hangers. • Pittacus Lore-THE CHARACTER NOT THE AUTHOR.OH MY
GOD!I LOVE THAT PART! • And the war is like... starting to be real. Though I wish Pittacus Lore, the author, will make it bloodier. You know? The gorier the more fun. #BLOODTHIRSTYME • I kinda wish that Mark had powers/Legacies too, like Sam. Lucky Sam. • John's Legacy-YES! I knew he's more than just that. *thumbs up* I approved. • *crossed
fingers*I hope that the whole gang will finally REALLY meet. @gleekidMCaction adventure alien January 28, 20184/5 StarsNO I'M NOT OKAY WITH THAT ENDING. WHY?!These books always have major cliffhangers but this one was just wrong, my heart can't take this kind of emotional damage anymore.... This book was definitely more enjoyable than 'The
Revenge of Seven' but it wasn't perfect. Nine only appears around half way through the book which is a shame because he's honestly the main reason why I read this series. A change of narration would be interesting to be in the other characters heads instead of reading in John, Six and Ella point of views again. But overall this book was
great and definitely won't be over this ending for a long time. Also does Pittacus Lore not like happy couples!? Cause it seems like it. *Crys*June 5, 2017Now I have something to do this summer :PALSO, LORE announced that this WILL NOT BE THE FINAL BOOK. The series will be seven books long! This has been confirmed from several sources, including
the publisher. That means more Nine! November 11, 2015 This is one of my favorite dystopian series, and as usual...it is still fantastic! The entire series is beautifully written from the first book (I am Number Four), and definitely! I just
hope, I'm right with my own assumption and conclusion to what will happen next, on the next book. Thanks to my sister, for knowing what books I love best reading. ^action fantasy my-favorite-dystopian-series October 25, 2018Temí que conforme pasaran los libros la historia decayera, pero no sucedió, la historia sigue avanzando, teniéndome al borde de la
histeria. Esta es una de mis series de ciencia ficción-distópica favoritas, y como algo es inusual después de varios libros...aún es fantástica! Toda la serie está muy bien escrita desde el primer libro (Soy el número cuatro (aunque este es el libro más flojo)), y, espero que definitivamente sea hasta el último libro de esta serie (en verdad lo espero)! El final de
este libro, aunque es total intenso, me sorprendió por completo! Honestamente la muerte del personaje que sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la he estado esperando por mucho tiempo, se me hacia un personaje due sucede en este libro la helica de la helic
que sucederá después, en el siguiente libro. Honestamente estoy agradecida de que Sarah muriera, el romance con John se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah, se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah, se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah muriera, el romance con John se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah, se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah muriera, el romance con John se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah, se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah, se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah muriera, el romance con John se me hacia ridículo y odioso, gracias porque ya no tendremos escenas románticas con estos dos y si lo reconozco odio a Sarah muriera, el romance con lo r
en realidad era muy agradable y las historias de acción aunque algo alargadas son increíbles, haciéndote que comas el libro rápidamente. Ame aprender mucho sobre el pasado, la historia real de Pittacus y Setrakus Ra.May 12, 2016Tengo que decirles que este libro ME ENCANTO, este 6 libro de la saga me encanto, me fascino y hizo que mi corazón se
rompiera en mil pedazos.les tengo que confesar que esta saga es una de mis favoritas, los personajes me siguen encantando Nueve, Ella, Seis, Adam son definitivamente mis personajes favoritos, sufrí demasiado con lo que le estaba pasando a Ella, Cinco se
me hizo un personaje muy bueno, pero no se, el tiene algo que me fastidia un poco mas la historia de Setrakus Ra y si en este libro vemos algo, pero siento que no es suficiente, aun quedan cosas que no entiendo
mucho, y se necesitan una explicación un poco mas extensa, el personaje que vemos que esta cambiando aunque así se vuelva bueno no lo voy a perdonar por lo que hizo, me gusto el papel de Mark en este libro pero bueno no se me hizo tan relevante, y estoy
impresionada con la evolución que tubo el personaje de Sarah en los anteriores libros se me hacia muy débil, aburrida, ñoña, pero no en este libro la vemos mas fuerte, decidida, sin miedo y DIOS MIO COMO VA A MORIR Y DE ESA FORMA TAN TRISTE HABLANDO Y DICIÉNDOLE A JHON QUE LO AMA Y QUE NO DEJE DE LUCHAR, NO ME HIZO
LLORAR, PERO SI HIZO QUE MI CORAZÓN SE ROMPIERA EN MIL PEDAZOS. .La acción en este libro nunca falta, siempre esta pasando algo que te va a dejar con el corazón en la boca literal, y estoy muriéndome por saber que va a pasar en el ultimo libro que de verdad siento que va a estar épico, saber que va a pasar con Ella, con Marina, con los
 "nuevos garde" porque siento que esto no se exploto muy bien el libro, y estoy emocionada por saber que papel tendrán estas personas en la conclusión de este libro, en fin, este libro, en fin, este libro, y estoy emocionada por saber que papel tendrán estas personas en la conclusión de este libro, en fin, este libro, en fin, este libro me ENCANTO salvo unos cuantos aspectos que no me gustaron, pero igual no hicieron que dejara de disfrutar esta lectura, es por ello que les recomiendo mucho esta saga de
Los Legados de Lorien que esta muy buena, y que te va a mantener pegado hasta la ultima pagina, el autor de este libro sabe como darte una buena historia de acción, aventura, tristeza, alegría, dolor, con una escritura ligera que no te va a mantener pegado hasta la ultima pagina, el autor de este libro sabe como darte una buena historia de acción, aventura, tristeza, alegría, dolor, con una escritura ligera que no te va a mantener pegado hasta la ultima pagina, el autor de este libro sabe como darte una buena historia de acción, aventura, tristeza, alegría, dolor, con una escritura ligera que no te va a mantener pegado hasta la ultima pagina, el autor de este libro sabe como darte una buena historia de acción, aventura, tristeza, alegría, dolor, con una escritura ligera que no te va a mantener pegado hasta la ultima pagina, el autor de este libro sabe como darte una buena historia de acción, aventura, tristeza, alegría, dolor, con una escritura ligera que no te va a mantener pegado hasta la ultima pagina, el autor de este libro sabe como darte una buena historia de acción, aventura, tristeza, alegría, dolor, con una escritura ligera que no te va a mantener pegado hasta la ultima pagina, el autor de este libro sabe como darte una buena historia de acción, aventura, tristeza, alegría de acción, aventura ligera que no te va a mantener pegado hasta la ultima pagina de acción de
when this is over, Six. What we will be like""If there's anything left of us," I reply. "Big if, at this point" So The Fate of Ten, 6th book in I am Number Four Series. Seriously, this is one of the few books that no matter how tired I'am at waiting year. How can I waiting yearly, I still can't get enough of it. I just have to get my hands on the new releases, every freaking year. How can I waiting yearly, I still can't get enough of it. I just have to get my hands on the new releases, every freaking year.
not? I started this series when I was in college and I never get the chance to move on. Sure, I get disappointed along the way, but seriously, no matter rant I do, I'm sure as hell still going to do now that I finished Reading this book. What I learned after
reading the other 5 books, is that, every book in this series is a total page turner, and this book is no different. I think it's kind of unfair how I spend a YEAR, waiting on the next book, only to finish reading the book, a month after it was released. and that's me pushing it, totally struggling just not to finish it right away. The Fate of Ten, is told on a dual POV
between Four/John and Six. Oh, actually Ella's got the chance to have her own POV, but it was only once, and short, majority of story was an alternating POV between the 2 strongest Garde. John is scared as shit, after what happened to New york, after the invasions, everyone is almost loosing hope. The appearance of the human Garde isn't much of help,
mostly because each and everyone of them are still scattered throughout the world and not everyone are willing to volunteer, signing in to save the world. There are a lot of things that happened, and I want to say it all, but I can't because this book left me
shell-shocked, I can't believe that... happened. There's a reason why the healer doesn't have to fight on the front-line, they're supposed to be a support, so when someone get hurt, they can be healed right-away, I learned that on a few games I played and some war-animes I watched, and I must say, what happen in this book, proves just how smart and
effective that tactic should be. Well, I really can't blame them, aside that them being basically kids, they didn't have time to regroup and make tactics, plus, they're a little bit short with man-power. The Garde is at war. Well technically, they have been at war for a long time but hidden, now.. no more hiding. It's an all out war, this has becomes everyone's
war and everyone's going to suffer with loss. This is the beginning of the end. I'm still not sure if this is going to be a 7 book series, I may get tired with the waiting, and get disappointed at times on how the story goes, but I can't deny that this book is still enjoyable, each and every book in this series, that is. I can't wait to see this book to end, not because I
don't want to wait anymore, but mostly because, I just want those kids to have the happy ending to end this review w/ this GIF, which is basically me, after that cliff-hanger and that ending.2015-read a-must-have aliens September 27,
2015Though I am no longer a paid critic and have no professional obligation to finish this turd of a series, I figure I might as well for completion's sake. I must be a masochist at heart. I mean, there's only one book left, and something might actually happen in this one... I hope. I think the series probably already hit rock bottom somewhere during books 3-5,
well set up to end with book 6 at the end of book 5. You know... everyone complains like crazy when Hollywood splits the final book of a series into 2 movies, now the authors are doing it for them. Hurray. I just can't wait. Now, if you'll excuse me, I'm going to go look up if it's possible to die of sarcasm poisoning. And then the book came out, and I sat down
to read it... and I started to remember why I absolutely hate this series. First off, present tense. There are few things an author can do to make me hate them and their story more than write a book in present tense. There are few things an author can do to make me hate them and their story more than write a book in present tense. There are few things an author can do to make me hate them and their story more than write a book in present tense. There are few things an author can do to make me hate them and their story more than write a book in present tense.
THAT lazy? The chapter is from her point of view, and she thinks of herself as "The Girl". WTF man. Let me give anyone out there who is aspiring to be a writer a little hint. There is absolutely no reason whatsoever to keep a viewpoint character's name from your readers. Whether she is in one chapter, or throughout the entire book. If there is a chapter
from her point of view, she damn well better have a name. There are very few valid reasons for character in question is a viewpoint character. If you can't work a character's name into the story, or even think of one, it's time to find a new profession,
my friend, because this whole writing thing just might be beyond your abilities. Here, let me show you how easy it is... Jan. Her name is Jan. Jan, is in her apartment when aliens who utterly destroyed an advanced civilization fifteen
years or so ago who had these same super powers, and a whole lot more experience in using them, but hey, what's just one more plot hole to the pile, right? It was about this time that I realized no one was forcing me to read this book. At which point I took it out into my back yard and set it on fire. This was no easy thing, seeing as how I was recently in a car
accident and broke six ribs, both my arms and one of my legs. As you can imagine, indulging in my pyromania with three out of four limbs in casts, and unbelievable pain whenever I breathe, takes a bit of doing, but it was worth it. Watching it burn was probably more entertaining than actually reading it would have been. Why burn a perfectly good book
that I could have taken back to the book store for a perfectly good refund you ask? Am I some sort of Nazi or something? No, I'm not an advocate of genocide, mass subjugation, and the destruction of all knowledge contrary to what I wish people to believe. That's not cool. But with this book... It's just the principle of the thing. Something that horrid just had
to be killed with fire. Ask any pyromaniac. Some things just need to burn. That first chapter was terribly and lazily written, and pretty much emphasized each and every complaint I have ever had about this series, and about this series, and about the authors who write it. F this series. F "Pittacus Lore". I'm done. July 25, 2017That was a crazy ending! Had excitement and sadness.
Now on to the series finale tomorrow! This series is exciting with amazingly written characters. I love the plots and the series does not get boring for a seven book series. May 6, 2015DON'T YOU FUCKING DARE KILL NINE.DON'T YOU FUC
books? Are you trying to kill me? Again: DON'T. October 13, 2017 EXCEPCIONAL!!!! Siempre lo he dicho, es lejos, pero lejos, la mejor saga "juvenil" con fantasía y ciencia ficción del mundo mundial. Lástima que cada libro salga con tanta distancia uno de otro. Es tanto así que para poder disfrutar de este PEDAZO de historia, tuve
que releer el libro cuarto y quinto jajajajajaja pero valió la pena, leerse de un tirón los tres últimos libros me hizo perder un poco la cabeza porque ahora hasta llego a soñar con los mogos (¿o habré desarrollado un legado?)Para que no me volviese a pasar, acabo de escribirme un resumen con personajes y el argumento de los últimos libros como
that we finally got some back story to everything that I'm happy for the time being. I love the new characters that were introduced and I think the next book is going to be insanely good. This one felt more filler-y and more of a set up for the final book, which I totally get, but it did also have a lot
that happened. I'm so happy about certain things and actually extremely sad about others. This book was fantastic. This book is going to be torture. June 25, 2017This has by far been my favourite book out of the series! Not only do you get the insane non stop action from the
previous books, but you also get back story on how it all started which I've been dying for since the first book in the series! It was so interesting to see the relationship between Pittacus and Setrakus and Setra
 seeing how he evolved and became such a despicable character! Another aspect of this book and it's truly a sight to behold! Especially towards the end, the Ximic power totally blew my mind and I just love that despite being 6
books into the story, the author still finds ways to totally surprise you! Last but not least, can we all take a second to appreciate the REAL hero of this story, Bernie Kosar aka BK! Seriously, forget all the Lorics, BK is constantly coming to their rescue and totally saving the day! The other Chimaerae are extremely badass as well and definitely one of my
favourite parts of this series! November 16, 2017I am losing interest in this series unfortunately. I only really continued it because my friend Katie wants me to finish the series, but the space between me reading the books is making me
disconnect. I am, however, able to get back into the story easily. I found this book a bit slow. This book is clearly setting up the grand finale in book 7 and therefore this was just a slower paced novel. The last thing that happens in this book, what is
effectively a cliffhanger, made this book for me though. I can't say anything, because spoilers, but am I ever happy that event happened! have been listening to the last few books on audio and I have the last one on hold so I will hopefully finish this series before the year is up!3-stars audiobook read-in-2017August 16, 2017FUCK YOU PHIRI DUN-RAFUCK
YOU SETRAKUS RAFUCK YOU PITTACUS LOREFUCK EVERYTHINGDON'T YOU DARE KILL ANYONE IN THE NEXT BOOK EXCEPT FOR PHIRI DUN-RA AND SETRAKUS RA IF HE'S NOT ALREADY DEADFUCK THIS BOOKSeptember 11, 2017No
tengo palabras para describir lo genial que fue este libro. Me encanto y ame todo de él, pero sin duda alguna los capítulos, amo en lo gue se convirtió. Me molesto mucho que 5 y 9 se la pasaran peleando entre ellos durante la mayor parte del libro (cuando
obviamente había cosas más importantes que hacer y la testarudez de 6 y no poder dejar en paz a Strakus Ra cuando era obvio que tenían que alejarse. Definitivamente no me esperaba lo de Sarah y no me imagino cómo se estará sintiendo 4. Gracias Dios por no dejarme llegar a esta saga hasta que estuvo terminada. June 7, 2017NOOOO PLEASE NO. THE
ENDING :OJune 12, 2023 First Read: September 10th 2015 Re-read: June 12th 2023 for years the grade have fought the mogadorians in secret. now all of that has change, the invasion has begun. i am an emotional reck, the ending of the book this
book was the all on war book from start to finish so much action that i managed to finish this book under a day. I honestly thought there was going to be more death because thats just how it goes in these types of novels but i was dead wrong, i can say that every single character got off pretty lightly in terms of not more people dying during the book. i have
to now wait a whole YEAR until the next book im not sure how i will cope with this but i was try to keep my mind off how this book ended. June 7, 2017This was my favourite book of the series so far. Two books in I was not sure I wanted carry on with this series, but I am very glad I did for book is really picked up steam. In this book the invasion is just
starting. The battle lines are being drawn, and secrets origins from Lorien are revealed. This book is narrated by John (Number 4), Six, and Ella. Six is her usual tough as nails self, John is settling more and more into the command position.
pushing his power to the limit, and fight after fight. Since the last story the Mogadorians have revealed themselves to the world in the form of having war ships in the sky and attacking New York. John's exploits have made him the face if the resistance. Whereas Six, Marina (Seven) and Adam have unleashed the power of the Lorien "entity" and suddenly
humans have been given the Legacies. However with the Mog army already in place and the Grades (Lorien and human), spread all over the world is it too little too late? This book has it all great character development coming together, revelations, new grades, new legacies, politics and sacrifice. All this mixed together in a fast paced, action packed
cocktail. As soon as I finished this book I pre-ordered the next book I pre-ordered the next book I was excited to see what would happen in this book! As soon as I got free I picked it up. Unfortunately I did not enjoy
this. This book begins with a prologue. An unknown girl is watching the news as the Mogs start attacking New York. She hears some screams below and her step-father urges her to ran away. She takes some stuff with her and makes a dash for it. Unfortunately she is found by some Mogs. On some reflex she throws her hands up. Some how they are thrown
against the wall. She hears them mutter 'Garde'. Taking this as a distraction she runs away. She realizes that she has some powers and she is going to use it on the Mogs. Sam and John are still fighting along with some survivors they saved. John is completely exhausted and assumes that they have been fighting for hours. Eventually he collapses from pure
exhaustion. They manage to convince the police officer to take the survivors with him. The two of them find an abandoned building and rest. When John wakes up again he finds that the news is reporting two Garde fighting. He assumes that it's Five and Nine. Sam and John go to get them. Six, Marina, and Adam exit The Sanctuary. Six doesn't feel any wiser,
in fact she feels far more confused. Adam is weirded out and uncomfortable. While Marina is sad yet at ease. They find Dust paralyzed and their ship. Adam comes up with a plan. He proposes that they split up and make sure Phiri finds Marina.
Marina gets mad at Adam because she thinks he is suggesting that she is weak. He retorts saying that they want to make Phiri believe that. Adam's plan works but in the process the missing part of their ship explodes which leaves them stranded with Phiri.
agrees and they make it back to their ship with Phiri captive. Adam thinks that he might be able to build them a new part. Sam and John don't find Nine or Five. Instead they find Daniela the girl in the prologue. She demonstrates her abilities and asks why and how she has them. John and Sam are in complete shock. They assumed it was only Sam that
developed Legacies not other people on earth. They are interrupted by the Anubis. The three of them decide to run because they will not be able to fight of all of them. Once they reach safety Ella contacts John. Mark, Sarah, Five, Bernie Kosar, and GUARD (Marks contact) do make any appearance in this book. I have to admit it was interesting. Well except
for Five because he was annoying. Do not fret Nine is alive and well. Although there is a death at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book. There are new characters introduced at the end of this book.
because I was invested in the plot so it didn't bother me. The inconsistencies and abrupt character changes really bothered me in this book. I did not like the idea of Lorien
coming to earth. It was a possibility in the last book but I didn't think it would become a reality. A few years back I had the whole plot predicated. While it isn't bad that my predication isn't true (it's happened before) I do not like the plot direction. It feels redundant that Lorien is on earth and now there are new Garde. Like a lot of people I just assumed that
Eight was able to transfer his Legacies into Sam. Which is what happened with Adam. The Entity did was give humans legacies, show them Ra's and Pittacus's past, and show the characters what Pittacus's Legacy is. In the process of this Ra has seen the faces of these new Garde and has promised to hunt them
down. I really hope he doesn't have photographic memory. Otherwise these newbie's are screwed. Adam and Walked were still treated badly in this book. They have done a lot to prove themselves but the others still don't trust them. It was stupid and unfair. Up until now I never realized how perfect the authors have made John to be. I personally found that
Adam is more capable of leading them. Considering how he knows some information on the Mogs and his experience. He's also a good strategist. Although John is very good at keeping everyone's faith and keeping them together. But seriously it's like John has no flaw. I'm honestly baffled that I am only realizing this now. Marina was incredibility annoying
and frustrating to read about! I was so fed up of her preaching. She develops this religious affiliation with The Sanctuary. I was surprised considering how much she hated Church and the Nuns. You'd think that she would have her some closure with Eight,
she only started caring now. Then she kept on telling Adam and Six not to kill Phiri. She even stopped Mark from killing her. This got them in trouble because Phiri ended up giving it to her. Overall this was frustrating and disappointing. I am still going to read the last book so that I know how it
ends. I recommend this to fans of the series. I hope you enjoy this more than I did! February 14, 2017 Wowza. That was a satisfying ending in my books. I have had my ups and downs with this series but this book hit the in between mark. It wasn't superb like how I found the second instalment in the series (Power of six) but it also didn't suck as much as some
of the other novels did. At first I thought that The Fate of Ten would deserve a 3/5 stars, but I am now more inclined to say 3.5/5 stars. The second half of the book really drew me in. I enjoyed the book just as I enjoy this series. Side note: Have you guys heard the conspiracies about the writer(s) and company that produces these novels?? Google/youtube it,
it really through me off of this series for a while. Spoilers below!! I always thought Sarah was just an okay character, so her death actually was very satisfying because I know it's going to derail John (number 4) and perhaps some new relationships will emerge (although he may just throw himself into learning new legacies and helping train the new grade).
I'd like to HOPE that new relationships emerge. The last chapter was very movie-esque, in the sense that I could picture everything going down in the final scene of a film. It was very visual, not really my favourite type of writing though. It just shows that the book series is very adaptable for a film/tv career. I personally liked the I am number 4 movie and
was dismayed that it didn't warrant a sequel. BUT that could just mean that it could become a really cool if it was done right. ANYWAYS I liked that 5 turned around but I was a little disappointed in how 9 was portrayed and the cool if it was done right. ANYWAYS I liked that 5 turned around but I was a little disappointed in how 9 was portrayed and the cool if it was done right.
how very little we saw of him. Mainly because I love 9 so. The last couple months I had been reading lots of contemporary but this summer has hit me as an overload of fantasy reads. Fantasy is my favourite genre but now it has me debating whether to pick up a book like the orphan queen or the way I used to be. SO MANY DECISIONS.2016-reads 3-star-

Legacies: The Lost Files #1Pittacus Lore 2010Lorien Legacies #1Pittacus Lore The sixth and penultimate book in the #1 New York Times bestselling I Am Number Four series! For years the Garde have fought the Mogadorians in secret, but now the invasion has begun. John is on the front lines in New York City. The odds may be stacked against him, but his
best friend, Sam, has inexplicably developed a Legacy despite being human—and he isn't the only one. As the pair tracks down Five and Nine amidst the chaos, they encounter another teen with powers. Whether she is a friend or a foe, however, remains to be seen. Meanwhile, Six, Marina, and Adam are trapped in Mexico. They fought their way into the
Sanctuary and were able to awaken the force hidden within, but they don't have any way to reach the others...and the Mogadorian leader once and for all—but his fate is now irrevocably tied with Ella's. The Garde can't destroy one
without the other. And if they can't find another way to stop the Mogs, humanity will suffer the same fate as the Loric: annihilation. This epic, action-packed science fiction series by James Dashner, and Orson Scott Card's Ender's Game. Ask the publishers to restore access to

IT'S ALWAYS done that whenever the metal security gate two flights down bangs closed, ever since they moved into the Harlem apartment three years ago. Between the front entrance and the paper-thin
walls, they are always aware of the comings and goings of the entire building. They mute the television to listen, a fifteen-year-old girl and a fifty-seven-year-old man, daughter and stepfather who rarely see eye to eye, but who have put their many differences aside to watch the aliens invade. The man has spent much of the afternoon muttering prayers in
Spanish, while the girl has watched the news coverage in awed silence. It seems like a movie to her, so much so that the fear hasn't truly sunk in. The girl wonders if the handsome blond-haired boy who tried to fight the monster is dead. The man wonders if the girl's mother, a waitress at a small restaurant downtown, survived the initial attack. The man
mutes the TV so they can listen to what's happening outside. One of their neighbors sprints up the stairs, past their floor, yelling the whole way. "They're on the block! They're on the block! They is th
back up. The girl isn't so sure he's right. She creeps toward the door and stares out the peephole. The hallway outside is dim and empty. Like the Midtown block behind her, the reporter on TV looks trashed. She's got dirt and ash smudged all over her face, streaks of it through her blond hair. There's a spot of dried blood on her mouth where there should
be lipstick. The reporter looks like she's barely keeping it together. "To reiterate, the initial bombing seems to have taken to the streets en masse and appear to be, ah, rounding up prisoners, although we have seen some further acts of violence at—at—
the slightest provocation . . ." The reporter chokes back a sob. Behind her, there are hundreds of pale aliens in dark uniforms marching through the streets. Some of them turn their heads and point their empty black eyes right at the camera. "Jesus Christ," says the man. "Again, to reiterate, we are being—uh, we are being allowed to broadcast. They—they
—the invaders, they seem to want us here . . ." Downstairs, the gate rattles again. There's a screech of metal tearing and a loud crash. Someone didn't have a key. Someone needed to knock the gate down entirely. "It's them," the man replies. He turns down the TV again. "I mean, keep quiet. Damn." They hear heavy footfalls coming
up the stairs. The girl backs away from the peephole when she hears another door get kicked in. Their downstairs neighbors start to scream. "Go hide," the man says to the girl. "Go on." The man's grip tightens on the baseball bat that he retrieved from the hall closet when the alien mother ship first appeared in the sky. He inches closer to the shaking door,
positions himself to one side of it, his back to the wall. They can hear noise from the hallway. A loud crash, their neighbor's apartment door being knocked off its hinges, harsh words in guttural English, screaming, and finally a sound like compressed lightning being uncorked. They've seen the aliens' guns on television, stared in awe at the sizzling bolts of
blue energy they fire. The footsteps resume, stopping outside their shaky door. The man's eyes are wide, his hands tight on the bat. He realizes that the girl hasn't moved. She's frozen. "Wake up, stupid," he snaps. "Go." He nods toward the living room window. It's open, the fire escape waiting outside. The girl hasn't moved. She's frozen. "Wake up, stupid," he snaps. "Go." He nods toward the living room window. It's open, the fire escape waiting outside. The girl hasn't moved. She's frozen. "Wake up, stupid," he snaps. "Go." He nods toward the living room window. for the first time she can remember, the girl does what her stepfather tells her. She climbs through the window the same way she's snuck out of this apartment so many times before. The girl knows she shouldn't go alone. Her stepfather should flee, too. She turns around on the fire escape to call to him, and so she's looking into the apartment when their
front door is hammered down. The aliens are much uglier in person than on television. Their otherness freezes the girl in her tracks. She stares at the deathly pale skin of the first one that spots the girl on the fire escape
He stops in the doorway, his strange gun leveled in her direction. "Surrender or die," the alien says. A second later, the girl's stepfather hits the alien in the face with his bat. It's a powerful swing—the old man made his living as a mechanic, his forearms thick from twelve-hour days. It caves in the alien's head, the creature immediately disintegrating into
ash. Before her stepfather can get his bat back over his shoulder, the nearest alien shoots him in the chest. The man is thrown backwards into the apartment, muscles seizing, his shirt burning. He crashes through the glass coffee table and rolls, ends up facing the window, where he locks eyes with the girl. "Run!" her stepfather somehow finds the strength
to shout. "Run, damn it!" The girl bounds down the fire escape. When she gets to the ladder, she hears gunfire from her apartment. She tries not to think about what that means. A pale face pokes his head out of her window and takes aim at her with his weapon. Help out the community by reporting the guality of this file! 0) A "file MD5" is a hash that gets
